

Eagle Ford Title V Gas Treatment Facility #2

LOCATION	Eagle Ford Shale
SCOPE	Gas Treating Services, including inlet slug catcher, separators, amine plant, gas cooler, dehydration unit, BTEX, flare, thermal oxidizer, and gas powered genset as a backup power source.
DELIVERY SCHEDULE	60 days
COMPLETION	November 2013
CONTRACT TYPE	24/7 Contract Operations with service level
HIGHLIGHTS	Spartan installed a modular 60 GPM Amine Facility on a location in the Eagle Ford Shale Play. The site includes all components necessary to treat high H ₂ S gas coming from multiple well sites. Spartan provided a customized layout of our modular amine facility, all ancillary equipment, and turnkey services to include installation, start up, commissioning, and operations.
