

McMullen County, TX Gas Treatment Facility

LOCATION	Eagle Ford Shale
SCOPE	Gas Treating Services, amine plant including inlet slug catcher, filter separators, gas coolers, dehydrator at outlet, thermal oxidizer, flare and on site generator for site power.
DELIVERY SCHEDULE	30 days
COMPLETION	June 2015
CONTRACT TYPE	24/7 Contract Operations with service level guarantee
HIGHLIGHTS	Spartan installed a modular 100 GPM Amine Facility in four weeks. The site included all components necessary to treat high BTU gas found in emerging shale plays. This facility included genset to power the plant. Spartan also operates the facility providing run time guarantees to the end user.
